

Welcome to OKKC

Welcome to the website of the Organization of Kenyans in Kansas City (OKKC). OKKC is a non-governmental, non-profit organization representing the interests of the Kenyans and friends of Kenya in Kansas City and in Kenya, East Africa. The organization was created and launched in 2002 in Kansas City, as a forum dedicated to promoting the social, educational, and cultural well-being of the Kenyan people and friends of Kenya in the area.

This website is a showcase of the Kenyan People, their proud heritage, rich culture, and the activities of OKKC in the United States and in Kenya. The medium is a one-stop shop in which you will learn about the Kenyan people and the activities of OKKC. I hope that you will find the information posted here both informative and rewarding, and that you will pass the information unto others. I also hope that you will come back again and again to learn new things about us, as they are posted online.
